

INSTRUCTIONS

BEFORE PRINTING ANY PAGES

You can see my favorite printer, paper, and how I print in full color on a budget by going here: iheartplanners.com/printincolor

Also, I always recommend opening your files and printing from adobe reader. (It is free - get it here: get.adobe.com/reader/)

FOR PRINTING PRICE STICKERS

I recommend printing directly onto 3/4 inch round stickers. You can see the exact stickers I used by going here (look at item 7): iheartplanners.com/garagesale.

USING EDITABLE BULK PRICING SIGNS

To use the editable signs, first download the Bebas Neue font to your computer and install it. It's completely free. Go here to download it: iheartplanners.com/font

Then, open your file in Adobe Reader. Click in the box and type in your price. It will automatically populate on all the pages. That's it!
